

Inter-Lakes Athletics

Dear Parents/Guardians:

The goal of this letter is to provide you with important information in relation to having your son or daughter participate in Junior High athletics for the WINTER 2018-19 season. I'm very excited to announce that we will continue our online registration. You will be able to register your athlete online through our athletic website. Once you register your athlete the first time, his/her information will be stored for future registrations making the registration process much simpler and faster for parents and the athletic department. Please see the attached sheet for more information regarding online registrations.

REGISTRATION DUE DATES

To be eligible to participate in the first day of practice, online registrations are due by 3:00 p.m. on the following days:

Friday, November 23rd - *boys' and girls' basketball*
Monday, December 3rd - *nordic ski*

*** *Mouthguards are required for all basketball tryouts*

Nordic Skiing

Tuesday, December 4 th	3:15 - 4:45 in gym lobby
-----------------------------------	--------------------------

MANDATORY PARENT MEETING

There will be a mandatory parent/athlete meeting on Tuesday, November 13th at 7:00 in the auditorium to review policies, procedures, sportsmanship expectations, as well as discuss the ImPACT testing and concussion protocol (see below). All high school and middle tier winter athletes and at least one parent/guardian are required to attend this meeting in order for your athlete to participate in the first game/meet. **NOTE: If you and your child attended the fall meeting, you DO NOT have to attend the winter meeting.**

ImPACT Concussion Testing

Beginning this past school year all Inter-Lakes student-athletes at the middle tier and high school are required to participate in the ImPACT testing for concussion safety. ImPACT is a computer-based concussion test. Athletes will take the test before the season and again after receiving a concussion. By comparing post-injury to pre-injury scores, the testing program allows the athletic staff, school nurse, and medical personnel to judge when the effects of the concussion on the brain's function have worn off. The test is taken on a computer in the school's computer lab. First some basic questions (name, age, past concussions) and then concentration, memory and reaction time are tested. The test takes between 30 and

Inter-Lakes Athletics

45 minutes and will be administered every two years unless there is an injury and a follow-up test is required sooner. More information about ImPACT can be found at www.impacttest.com . If you have any questions or concerns feel free to contact me as well. **NOTE: Athletes will not be able to participate in a winter sport until the ImPACT test is administered. If your child has already completed the ImPACT baseline test in the past two years he/she does not have to take the test again this year.**

The following is a list of dates and times the ImPACT test will be offered. Please access the online registration through www.interlakes.org/sports to register. If you do not have access to a computer please call me to sign up for a date/time. NOTE: It is very important to arrive at least five minutes prior to the schedule time. If your child is late he/she might not be allowed to enter the test room. All tests will be in basement computer lab at the high school.

November 6th, 8th, 14th, 28th at 3:15 in basement computer lab

I look forward to a great winter season! In the meantime feel free to contact me if you have any questions

Sincerely,

Jeff Cloos
